RETURN TO EARTH ONE!

The second volume of the series featuring a new look at DC's Man of Steel is here! **Superman: Earth One Vol. 2** is by the same creative team behind the first best-selling tome; writer J. Michael Straczynski and artist Shane Davis. This time out, Superman faces a dictator and the deadly Parasite. He also meets a new love interest - and it's not Lois Lane! Don't miss what is sure to be one of the hottest books this summer!
